Tuition Bulletin
for the September 2022 examinations

Revised 14 June 2022

Types of tuition

Regular Tutorials

Regular Tutorials are ideal if you want tuition throughout the session to make sure that you fully understand the material as you progress through the course. We'll expect you to have read the relevant parts of the Course Notes before the tutorial and to work hard on the day.

In the CM and CS subjects, our Regular Tutorials will focus on the core material, concentrating on paper-based questions that will be tested in Paper A. Given that there will be 4 or 5 tutorial days in each subject, we recommend Regular Tutorials over Block Tutorials.

Block Tutorials

These are courses held closer to the exams with at least some consecutive days, offered as an alternative to Regular Tutorials. They are the same length and cover the same content as the alternative Regular Tutorial.

Live Online Tutorials

Our Live Online Tutorials receive excellent feedback and are ideal if you like the discipline and motivation of a structured and timetabled course but are unable to travel to one of our face-to-face courses. We aim to replicate as closely as possible what you would experience on a face-to-face tutorial, covering the same content but delivered online.

We are offering the option of half-day, online tutorials in many subjects this session. Each standard full day will be split into two half days, usually around a week apart. If you choose half days then please read the required material before each pair of half days.

Online Classroom

This is another online alternative to attending a Regular or Block Tutorial. Students will have access for 13 months from the date of purchase to pre-recorded tutorial units covering the same topics and questions as used on a typical face-to-face or Live Online tutorial. Students can discuss problem areas amongst themselves and/or with a tutor using a discussion forum.

Online Classroom is available in all Core Subjects, as well as Subjects SP1, SP2, SP5, SP7, SP8, SA2 and SA7 as well as a mini-Online Classroom in Subject SA1 (more details at https://acted.co.uk/online_classroom_SA1.html) The CM and CS Online Classrooms are an alternative to a Regular or Block tutorial and will help you prepare for both papers A and B, as the underlying examinable content is broadly the same. However, the Online Classroom focuses on the written Paper A and does not cover any R or Excel questions. Hence the Online Classroom is not intended to be an alternative to using the Paper B Online Resources (PBOR) or attending a Paper B Preparation Day, both of which focus on preparing students for the Paper B exam.

Students attending a Regular or Block Tutorial in the same session may purchase the Online Classroom at a significantly reduced cost. Please visit www.ActEd.co.uk for more details.

Paper B Preparation Days (CS/CM)

In the CM and CS Subjects, students wishing for some additional tutor support for Paper B, working through exam-style questions, may wish to attend a Paper B Preparation Day. These will be available Live Online or face-to-face, where students will need to bring their own device capable of running Excel or RStudio as required.

Tutors will assume that attendees have used the Paper B Online Resources (PBOR), which form part of the CMP. You will not be taught the essential skills of working in Excel or R on the Paper B Preparation Day.

Some Paper B Preparation Days are available separately from Regular or Block Tutorials but many are available as the final day in a 5-day or 6-day Bundle, which combines a Regular or Block Tutorial with a Preparation Day.

Subject CP2 Tutorials

The CP2 Preparation Day builds upon the CP2 Course Notes. It helps develop the required documentation skills and technical Excel knowledge needed to pass Subject CP2, using an exam-style question as a case study. We offer the choice of an online or face-to-face course, where students will need to bring their own device capable of running the required software (eg Excel, Word).

Subject CP3 Tutorials

A choice of a one-day online or face-to-face course is offered. For more details, please visit https://www.acted.co.uk/help_and_advice_CP3.html.

Important information

We appreciate that it may be tempting to wait until after results before deciding what to sit but, given that the April results are due out only 10 weeks before the September exams, we strongly recommend that you commit to a subject early and start studying in May. There will only be a finite number of tutorial places available in August and we cannot always guarantee everyone a place.

Despite the relaxing of Covid restrictions, we are still required to monitor outbreaks in our student community, and therefore we still need you to report known or suspected cases of Covid-19 if you have recently been in to a BPP study centre. This allows us to identify any trends; adapt control measures as necessary; and ensure you have all the support you need to keep on track with your studies.

Please report any such cases to your ActEd tutor.

Applying for tutorials

Places on all courses are allocated on a first-come first-served basis and many courses become fully booked very quickly. You can still apply for tutorials after the finalisation date, but you should be aware that some courses are likely to be full by this stage. The remaining key dates are given here but please refer to the provisional timetable that follows to check the finalisation dates of the courses you are interested in.

- 27 June 2022 for most tutorials starting in early August
- 11 July 2022 for most tutorials starting in late August and September

We recommend that you apply for your tutorials using our online store at www.ActEd.co.uk/estore, where you will be able to view provisional venues and see an indication of the number of spaces available on each course. Alternatively, please use the up-to-date Tutorial Application Form, available from our website at https://www.acted.co.uk/tutorials_applying.html. The online store allows you to specify your first, second and third choice courses in each subject. If your first-choice course is full, you'll be given a provisional place on your second-choice course and so on.

If all of your chosen tutorials are full, your name will be added to the waiting list for your first-choice course. You may get a place on your first-choice tutorial if a space becomes available, eg if a student cancels. Please let us know if you wish to be removed from a waiting list so we can allocate any spaces that arise to another student.

Shortly after you apply for a course we will email an acknowledgement of your provisional application. If you do not receive an acknowledgement within four days for each of the courses you have applied for, please contact ActEd immediately to check that we have received your application.

We will email you again 3-4 days after the relevant finalisation date with full details of your confirmed tutorial place. We will not be able to confirm a place until this time and we ask for your patience in the days immediately following the finalisation date.

ActEd will usually run all advertised courses where we have received a sufficient number of applications in writing by the finalisation date (this is normally around 8 applications but depends on demand for other courses). Therefore, please remember that a provisional place does not guarantee that the course will run. It is also possible, although unlikely, that you could lose your place on the course at finalisation if a student who applied before you, does not obtain a place on their first-choice course due to a course cancellation.

Please avoid making any travel arrangements until you have received the final confirmation of your booking. Invoices are issued, and credit card payments taken, between 5 and 15 working days after the relevant finalisation date, once a place has been confirmed.

We will endeavour but cannot guarantee to add extra groups at finalisation for students still on a waiting list at that time. You may choose to come off a waiting list and apply for another course at any time.

Please let us know if you change your email address so that we can keep you up-to-date with details of your booking.

Terms & Conditions, including our Refund Policy

ActEd's full terms & conditions and Privacy Policy, which include ActEd's policy on cancellation and refunds can be viewed at www.acted.co.uk/Html/terms_conditions.htm and a copy will be emailed to you once you have placed your order. You can, subject to certain exceptions, cancel your order and obtain a full refund if you request it within a specified timeframe.

Refunds cannot be given in the event of malfunction or incompatibility of your software or hardware, which is outside of ActEd's control. Sufficient opportunity is given before a Live Online Tutorial for you to test your hardware and software. We will also email you instructions on how to do this before the course.

If you receive reduced-rate access to the Online Classroom (*ie* accompanying a confirmed Regular or Block Tutorial or a confirmed CP2 or CP3 Preparation Day in the same session) and subsequently cancel your tutorial place, then you will be invoiced for the standard price of the Online Classroom (if used).

If you might change your study plans in light of your exam results, we recommend that you book a place on a tutorial that is finalised no more than two weeks before your results are due. This will allow you to cancel your place without charge immediately after results and give you much more flexibility should your plans change.

Tutorials for the session leading to the September 2022 exams

If you might change your study plans in light of your exam results, we recommend that you book a place on a tutorial that is finalised no more than two weeks before your results are due. You should also defer purchase of any Online Classroom until after results. This will give you much more flexibility should your plans change.
