# 1 Course Notes

## Chapter 6

*Page 14*

*(added on 7 April 2025)*

At the time of writing the 2025 Course Notes (April 2024), the Institute's Examinations Handbook stated that candidates 'cannot use functions only available in versions of Microsoft Office released after 2013'. Section 2 of Chapter 6 of the 2025 Course Notes was written on this basis.

However, since the Course Notes were written, the Institute has removed this requirement from the Examinations Handbook. This page of the Course Notes can therefore be disregarded.

There are a few other places in the Course Notes where Office 2013 and formulae after this version not being permitted are mentioned. These can also be ignored.
